Yo, my baby
She told me, that I was her one and only

She's no phony, she's my roni,
And she would always like to ride my pony
(Are you all in love?) That's right no balony

Word homie, she's all for me

My baby told me it gets real tonight
'N I'm so excited gonna do it right what I wanna do
What I'm gonna do - Ain't no thang, to my game
