Leave

Yeah, Finally I realize that I am nothing without you
I was so wrong, forgive me

Ah ah ah ah~

[Verse 1; GD + TOP]

My broken heart like a wave
My shaken heart like a wind

My heart vanished like smoke
It can't be removed like a tattoo
I sigh deeply as if a ground is going to cave in
Only dusts are piled up in my mind
(Say goodbye)

[GD Rap]

Yeah, I thought I wouldn't be able to live even one day
without you
But somehow I managed to live on (longer) than I
thought
You don't answer anything as I cry out "I miss you"
I hope for a vain expectation but now it's useless

[TOP Rap]

What is it about that person next to you, did he make
you cry?
Dear can you even see me, did you forget completely?
I am worried, I feel anxiety because I can't get close
nor try to talk to you
I spend long nights by myself, erasing my thoughts a
thousand times

[Chorus]

Don't look back and leave
Don't find me again and live (on)
Because I have no regrets from loving you, take only
the good memories
I can bear it in some way
I can stand in some way
You should be happy if you are like this
I become dull day by day (eh eh eh eh)

Oh girl I cry, cry
You're my all, say goodbye...

[Verse 2; SR + DS]

If we pass by each other on the street
Act like you didn't see me and go the way you were
walking to
If you keep thinking about our past memories
I might go look for you secretly

[GD] Always be happy with him, (so) I won't ever get a
different mind
Even smallest regret won't be left out ever
Please live well as if I should feel jealous

[TOP] You should always be like that bright sky, like
that white cloud
Yes, you should always smile like that as if nothing
happened

[Chorus]

Don't look back and leave
Don't find me again and live (on)
Because I have no regrets from loving you, take only
the good memories
I can bear it in some way
I can stand in some way
You should be happy if you are like this
I become dull day by day (eh eh eh eh)

[Bridge; DS + SR]

I hope your heart feels relieved
Please forget about me and live (on)
Those tears will dry completely
As time passes by

[YB] It would've hurt less if we didn't meet at all (mm)
Hope you will bury our promise of being together
forever baby
I pray for you

[Chorus]

Don't look back and leave
Don't find me again and live (on)
Because I have no regrets from loving you, take only
the good memories
I can bear it in some way
I can stand in some way
You should be happy if you are like this
I become dull day by day (eh eh eh eh)

Oh girl I cry, cry
You're my all, say goodbye, bye
Oh my love don't lie, lie
You're my heart, say goodbye
