I got a letter this morning  
Made me sad and blue  
Said my woman's in trouble  
You know I'm in trouble too  
That's why I'm so lonesome  
Lord and I stay blue all the time  
Ah but that's all right  
I will overcome some day  
I couldn't do nothing  
'Cause I was sad and blue  
I know there's some' wrong with my baby  
And it hurts me too  
That's why I'm so lonesome  
And I stay blue all the time  
Yeah but that's all right  
I will overcome some day  
Nights are so lonesome  
Days are so blue  
Just sittin' here rubbin' my hands baby  
Wonderin' what happened to you  
That's why I'm so lonesome  
Lord and I stay blue all the time  
Yeah but that's all right  
I will overcome some day
