Can you feel me now
Take a deep breath and let me explain
All the pain that's been wreckin my brain
Gettin so close to goin' insane
And see you standing there
And the feelin' never gonna be the same
seems like we missed the whole damn train
Blame is all we have for us

And I can let in get in the way
Even if the love is the costly price to pay
Lookin' back life love was the game or cliche
Gotta move away sacrifice my heart and let you breath
again baby girl
