Ghosts, walk through the walls  
They catch your rise and falls  
Then sink back to sleeping, again  
And dust, it settles on shelves  
Will you shake me from myself  
And tell me I'm alright?  
And all the time on your own  
The flowers have grown  
Under your feet  
And don't, don't you think that it's time  
You said, "Hey, this one is mine"  
Maybe do what you want to do?  
'Cos you, well you are no fun  
And I'm so dumb  
But please let us not be lonely, again  
And you, you wear your mistakes  
And I know mine  
But please let us not be lonely, this time  
Cheer up, you miserable fuck  
This has gone on long enough  
And I don't want to hear anymore  
'Cos it you wait for the day  
You find your thinking bends to straight  
You'll be waiting for a long, long time  
Oh you, well you are no fun  
And I'm so dumb  
But please let us not be lonely, again  
And you, you wear your mistakes  
And I know mine  
But please let us not be lonely, this time  
Well this house, it creaks in the night  
When I turn out all the lights  
There's nobody else around  
And ghosts, they walk through the walls  
They catch your rise and falls  
And sink back to sleep, again  
Oh you, well you are no fun  
And I'm so dumb  
But please let us not be lonely, this time
