It sounded just like a love affair  
We wrote it in touch screens  
All those things that you made me swear  
You meant it though,  
"You'll make it happen. When will we go?"  
But your words got lost in laughter  
I let you down but you should know

We were together  
Why do we always hurt the ones we love?  
If only I had a chance  
Yeah I would be the first to let you know  
Now can you still hear me?  
I would have gone and loved you anyway  
Across those darkest hours  
If I could only bring you back again

And I could tell there was something wrong,  
You were drawing by numbers  
I called you earlier but your phone was off  
So while the world was waiting,  
You were already miles away from home  
Running as fast as you could,  
I guess there was nothing no one could've done

We were together  
Why do we always hurt the ones we love?  
If only I had a chance  
Yeah I would be the first to let you know  
Now can you still hear me?  
I would have gone and loved you anyway  
Across those darkest hours  
If I could only bring you back again  
To be with you again
