In a dark, dark, pit  
I saw something moving there  
And then fear mixed with fire  
A warm breath in my ear  
This wind, temptation  
It just went crawling over me  
Darkening nights I couldn't sleep  
This fear, temptation  
I'm sure there's something over there  
And I feel it can hardly wait  
For weak, weak, Dave

In the dark, dark, night  
I'm afraid of the light  
Of the single minded dolls  
That keep knocking on my door  
Growing darker appetites  
This wind, temptation  
It just went crawling over there  
It was too much I had to share  
This sweet, temptation  
Yes I have cried over you  
But this time I'll just do  
What it tell's me to

Temptation  
It just went growing over me  
Darkening nights I couldn't sleep  
This fear will grow in peace  
Well it never finished done  
Had been like a worth gun  
This sweet, temptation  
Oh sweet, temptation  
Oh sweet, temptation  
Oh sweet, sweet, pain

In a dark, dark, pit  
I saw something moving there  
And then fear mixed with fire  
A warm breath in my ear
