A million stars up in the sky
We watch them live, we watch them die
Now who can tell how this will be?
Now are we fools when we believe?

So listen

I never felt like this before
And I feel no guilt for wanting more
I'll take all my chances here with you
And I can tell you feel it too
So let's not hide it, I won't hide it anymore
Who knows what life is for?

So take my hand
We'll make this happen
It's real, I'm in love with you

And then you stepped out of my screen
I'm awake inside my dream
Tears roll backwards to the light
A rush of love, I feel alive

So listen

I'm in the back waiting for you
And I can tell you feel it too
So let's not hide it, I won't hide it anymore
Who knows what life is for?

So take my hand
We'll make this happen
It's real, I'm in love with you

A million stars up in the sky
Now can you tell me which one am I?
I never felt like this before
And my heart keeps wanting more
Then let's not hide it, I won't hide it anymore
Who knows what life is for?

So take my hand
We'll make this happen
It's real, I'm in love with you
