### "Song For You"

the way it is  
the way it goes  
the way you like it to be  
arrive alone  
leave that way  
stumbling out on to the street  
hear a tune  
its your favourite song  
start singing the words on your own  
walk away, sleepy eyes  
truth will make peace with the clock  
ticktock  
wont stop, thinking  
love you I, miss you I, say goodbye  
love you i, miss you I, say goodbye  
love you I miss you I, say goodbye  
love you, I miss you, goodbye  
window shop designer lights  
check your hair  
reflections not right  
saw a silver shirt, thai i could swear is brown  
and a beggar with his lovers frown  
so you blew your chance  
write it in your book  
when a motto took a second look  
if your old and gray  
who will hold your hand  
when you need to talk, who will understand  
ticktock  
I wont stop, thinking  
love you, miss you I, say goodbye  
love you I, miss you I, say goodbye  
love you I miss you I, say goodbye  
love you, I miss you, goodbye  
love you, I miss you ...  
I see a bedroom  
i look inside  
i bet they're warm and safe  
warmer and safer than me
