Hear me God I'm on the level  
Mapping silence seeing things  
Crying laughing like the devil

And before the might  
Of all that's seen  
I'll raise my head  
And wake to dream  
With a clean pair of eyes

Murdered gold and colours flashing  
Time like blood like flowing hair  
Faces merging airplanes crashing

And before the might  
Of all that's true  
I'll raise my head  
And dream anew  
With a clean pair of eyes

A clean pair of eyes  
Don't need no one to blame  
Don't need no disguise  
No sugar to sweet my brain  
A clean pair of eyes

Today I need no commentary  
Today I do not need to speak  
No explanation necessary

And before the might  
Of al that's seen  
I'll raise my head  
And dream again  
With a clean pair of eyes

A clean pair of eyes  
Don't need no right or wrong  
Don't need no disguise  
No sugar to fix my tongue  
A clean pair of eyes

Liquid air and flags that ripple  
A tambourine of smoke suns  
Love that blinds up fear that cripples

And before the might  
Of all that's seen  
I'll raise my head  
And wake to dream  
And before the might  
Of all that's true  
I'll raise my head  
And dream anew  
And before the might  
Of all unnamed  
I'll raise my head  
And dream again  
Dream again  
Dream again  
Dream again  
Dream again
