Stone blind alibi
I will eat the lie
Find the word
Could break any spell that binds you
Prayers like ammonites
Curl beneath the lights
How I long to
Bite any hand that feeds you more
Where d'it all go wrong
My Friday night enfant
Where d'it all go wrong
My Friday night enfant

*

All night busz on a line
It's only blood on the rime
Wrecks my head every time
It leads me on
Where d'it all go wrong
My Friday night enfant
Where d'it all go wrong
My Friday night enfant

*

Tonight tonight
Tonight I'm running wild I'm running
Tonight I'm running wild I'm running
Tonight I'm running wild I'm running
Tonight I'm running wild I'm running
Tonight I'm running wild
