Three days spent staring at your photograph
Read your letter made me laugh
But there's a shadow on the path
'till I know
If your love is real

'cause it's not as if a lot was said
Falling in and falling out of bed
But now the worlds turned on it's head
'till I know
If your love is real

Spent a long time now persuading myself
That I don't need no one
Nobody else
That I'd felt all there was to feel

I'm in a daydream now I'm out to lunch
And should it come down to the crunch
I'm wide open for that sucker punch
'till I know
If your love is real
'till I know
If your love is real

Spent a long time now persuadiing myself
That I don't need no one
Nobody else
That I'd felt all there was to feel

I know if I should live one hundred years
I'd never see another face like yours
On stranger seas or brighter shores
'cause I know
That my love is real
