In the bitter violent night  
The stars wear sour grins  
In the vastness of the black sky  
I'm cradled in your arms  
Unbridled by alarm  
And I know the end is nigh

It's all over, bar the shoutin'  
One thing's for sure  
It's all over now  
It's all over now

Confusion wanders in  
Strides the evening like a king  
Chaos and turmoil prevail  
Bedlam reigns, hope is drowned  
But strangely we settle down  
Resigned to the sinking ship on which we sail

It's all over, bar the shoutin'  
One thing's for sure  
Hey, it's all over now  
Hey, all over now

Our love's just smithereens  
Too much beer in my head  
Another night is getting late  
I don't know which way to go  
There's just this long white road  
And I can't think straight

No, I can't think straight  
No, I can't think straight  
No, I can't think straight  
No, I can't think straight

It's all over, bar the shoutin'  
It's all over, bar the shoutin'

It's all over, bar the shoutin'  
One thing's for sure  
Hey, it's all over now

Hey, all over now

Go, go go go

Hey, all over now

Oh, it's all over now

Bar the shoutin', now

Well, that's the glory, now now

Don't let it fall

Don't let it fall
