Don't pay no mind to it  
Oh let it blow  
Break you up inside  
If you don't let it go  
Jeez what are you like honey  
I don't know

Recommended by my bank  
And everybody in the tank  
First of all I'd like to thank

This might take a while honey  
Hey don't blink  
Missing by a mile now we're  
Here on the brink  
Not a day goes by honey  
I don't think

I could be your volunteer  
We'll make the whole thing disappear  
Saddle up we're outta here  
You could be my olive branch  
Lift me up above the stench

Walk me through the avalanche

Honey won't you be my flood  
Nothing ever comes out good  
Trouble in the neighbourhood  
Conversations gone askew  
And how do you make it fell like new  
Kookaburra kangaroo  
Will you won't you be my leach  
Take it all and when I screech  
Leave it there just outta reach  
Take me to that burning bush  
Give me something I can't crush  
Lead me out into the hush

So far behind  
So far behind  
So far behind

So far behind
