That the sky would lift  
That I'd find my place  
That I'd see your face in the door  
And the sun would glint  
On a time well spent  
On a time that ain't no more

Takes the broken hearts  
In the vacant lots  
To see the fruit that rots on the trees  
Had to turn my head  
Leave it all for dead  
But it's in my mind always

Honey, lately, I've been way down  
Load on my mind  
Honey, lately, I've been way down  
Load on my mind

Someone tell me where did it go  
Darling, I'm damned if I know  
I seen that look in your eye  
No one ever gave it a chance  
I could have said in advance  
You saw it all at a glance  
And goodbye, goodbye  
Drag a salted kiss  
From this cup of bliss  
Watch a new lie twist on the breeze  
You can paint it red  
Or leave it all for dead  
But it's in my head always

Honey, lately, I've been way down  
Load on my mind  
Honey, lately, I've been way down  
Load on my mind

Someone tell me where did it go  
Darling, I'm damned if I know  
I seen that look in your eye  
No one ever gave it a chance

I could have said in advance  
You saw it all at a glance  
And goodbye

Goodbye  
Goodbye  
Goodbye

Now, honey, lately  
Yeah, honey, lately  
Honey, lately, I've been way down  
Yeah, honey, lately, I've been way down  
Yeah, honey, lately, I've been way down  
Honey, lately, I've been way down

Lately
