### "Nemesis"

'Neath an avalanche - soft as moss  
I'm a creeping and intangible sense of loss  
I'm the memory you can't get out your head  
If I leave you now  
You'll wish you were somewhere else instead

I'm the manta ray - I'm the louse  
I am a photograph they found in your burned out house  
I'm the sound of money washing down the drain  
I am the pack of lies baby that keeps you sane

Gates of Heaven are open wide  
God help me baby I'm trapped inside  
Feel like I'm buried alive

I'm the bottom line - of the joke  
I am ecstasy - spilling like bright egg yolk  
I'm the thoughts you're too ashamed to ever share  
And I am the smell of it - you're trying to wash out of  
you hair

Gates of Heaven are open wide  
God help me baby I'm lost inside  
Feel like I'm buried alive

Possibilities limitless  
Just give me something that's more than this  
One shot and I'll never miss  
yes

I'm the babe that sleeps through the blitz  
I am a sudden and quite unexpected twist  
I am your one true love who sleeps with someone else  
I am your nemesis  
Baby I'm life sweet life itself  
yeah [3x]
