Don't know where you gone  
But it seem like a mighty long way now  
Don't know where you gone  
But it seem like a mighty long time  
Since I seen your face  
So I dream and I'll dream of that day now  
See you coming honey  
With that sunny sky

Everywhere I go  
Everything that I do and I say now  
Nothing ringing true  
It don't matter how hard that I try  
Cause all I want is you  
So I wish and I wish and I pray now  
To see you coming honey  
With that sunny sky

Every night when I go out  
Get drunk 'til I fall down  
Burry my head  
I don't want to see  
That I'm getting nowhere  
And time is dragging so slowly  
So tired now hunny  
So tired of me  
O-oh so tired of me

Don't need you say that

You'll stay with me baby forever  
Don't need you to tell me  
Your heart and your soul are all mine  
It's okay with me  
You can smile say nothing whatever  
I see you smiling honey  
I'll be feeling fine

Every night when I go out  
Get drunk 'til I fall down  
Burry my head  
I don't want to see

That I'm getting nowhere  
And time is dragging so slowly  
So tired now honey  
So tired of me  
So tired now honey  
So tired of me  
So tired now honey  
So tired now honey  
So tired now honey  
So tired of me
