Feel the weight I've been
Passing time all those
Crazy faces run through my mind
And this song has brought a teardrop to my eye

Can't tell the bottle from the mountain top
No, we're not right

See this world but I
Can't relate, hey but
Everything must, accelerate
Betty Ford, ohh, won't you be my Valentine?

Can't tell the bottle from the mountain top
No, we're not right

Can't tell the bottle from the mountain top
And now my hands are shaking
But I just can't stop
Can't tell the bottle from the mountain top
No, we're not right

Can't tell the bottle from the mountain top
And now my knees are shaking
But I just can't stop
Can't tell the bottle from the mountain top
No, we're not right

Now I'm weak and
My head is sore and I
Feel like I can't go on no more
Comin' here where normal rules do not apply

Can't tell the bottle from the mountain top
No, we're not right
Can't tell the bottle from the mountain top
No, we're not right
Can't tell the bottle from the mountain top
No, we're not right
Yea, yea
Yea, yea
