from the very first moment i saw you
thats when i knew
all the dreams i held in my heart
had suddenly come true
knock me over stone cold sober
not a thing i could say or do
'cos baby when im walking with you now
my eyes are so wide
like you reached right into my head
and turned on the light inside
turning on the light
inside my mind hey

come on baby its all right
sunday monday day or night
written blue on white its plain to see
Be Mine Be Mine
that rainy shiny night or day
whats the difference anyway
hunny till your heart belongs to me

if i had some influence girl
with the powers that be
i'd have them fire that arrow at you
like they fired it right at me
and maybe when your heart and soul are burning

you might see
that everytime im talking with you
its always over too soon
that everyday feels so incomplete
till you walk into the room
say the word now girl
ill jump that moon hey

come on baby its ok
rainy shiny night or day
theres nothing in the way now
dont you see
Be Mine Be Mine
winter summer day or night
centigrade or fahrenheit

baby till your heart belongs to me
Be Mine Be Mine
thursday friday short or long
when you got a love so strong
how can it be wrong now mercy me
Be Mine Be Mine
jumpin jesus holy cow
whats the difference anyhow
baby till your heart belongs to me

My heart is on fire (Repeat)
