three days spent staring at your photograph  
read your letter made me laugh  
but there's a shadow on the path  
till i know if your love is real  
'cause it's not as if a lot was said  
falling in then falling out of bed  
and now the world's turned on it's head  
till i know if your love is real  
spent a long time now  
persuading myself  
that i don't need no one  
nobody else  
and i felt all there was to feel  
i'm in day dream now i'm out to lunch

should it come down to the crunch  
i wide open for that sucker punch  
till i know if your love is real  
spent a long time now  
persuading myself  
that i don't need no one  
nobody else  
and who i was could conceal  
i know that if i should live one hundred years  
never see another face like yours  
on stranger seas or brighter shores  
'cause i know that my love is real.
