What on Earth is going on in my heart?
as it turns cold to stone...

Seems these days I don't feel anything
Unless it cuts me right down to the bone.

What on earth is going on in my heart?

Cause my oh my you know it just don't stop
Cause in my mind I wanna tear it up
I'm trying to fight trying to turn it off
But it's not enough

It takes a lot of love
It takes a lot of love, my friend
to keep your heart from freezing
to push on til the end.

My oh my!

What on earth is going on in my head?
I know I used to be so sharp.
You know I used to be so definite
Thought I knew what love was for.
I look around these days
I'm not so sharp.
No no no

My oh my you know it just don't stop.
It's in my mind I wanna tear it up.
Trying to fight trying to turn it off
but it's not enough.
It takes a lot of love
It takes a lot of love, my friend
to keep your heart from freezing
to push on til the end

my oh my you just can't win
you burn it down it comes right back again
what kind of world is this we're living in
where you never win?

Takes a lot love
takes a lot love these days
to keep your heart from freezing
to keep your spirit free... oh

my oh my

My oh my you know it just don't stop
it's in my mind i wanna tear it up
trying to fight it trying to turn it off
but it's not enough
It takes a lot of love
It takes a lot of love, my friend
to keep your heart from freezing
to push on til the end.

My oh my you know it just don't stop
my oh my you know it just don't stop
Just don't
My oh my you know it just don't stop
my oh my
My oh my you know it just don't stop
my oh my
my oh my you know it just don't stop
???
my oh my you know it just don't stop
my oh my
my oh my
my oh my you know it just don't stop
my oh my you know it just don't stop
