Please forgive me if i act a little strange  
For i know not what i do  
Feels like lightning running through my veins  
Every time i look at you  
Every time i look at you

Help me out here all my words are falling short  
And theres so much i want to say  
I wanna tell you just how good it feels  
When you look at me that way  
When you look at me that way

Throw a stone and watch the ripples flow  
Moving out across the bay  
Like a stone i fall deep into your eyes  
Deep into that mystery

Deep into some mystery

I got half a mind to scream out loud  
I got half a mind to die  
So i wont ever have to loose you girl  
Wont ever have to say goodbye  
I wont ever have to lie  
Wont ever have to say goodbye

Please forgive me if i act a little strange  
For i know now what i do  
Feels like lightning running through my veins  
Every time i look at you  
Every time i look at you  
Every time i look at you  
Every time i look at you
