Lord I've gotta beautiful baby, Jacqueline is here name
Lord I've gotta beautiful baby, Jacqueline is here name
Lord if I should lose that woman, Lord I never feel the
same

Lord she has got my heart, someday she'll have my
name
Lord she has got my heart, someday she'll have my
name
Lord and we'll have pictures made together, Lord and
put in the same frame

Lord I love her, love her so much, I can't sleep at night
Lord I love her, so much, poor me, I can't sleep at night
Lord I'm sick and I'm hungry, Lord that I just can't eat a
bite
