How come, you lie
How come, you deny
I see, clearly
My sweet, candy
You're here,
You're Here, au revoir
One night, baby
IN no time you'll have to get away

Chorus

I can feel your heard beat
I can feel your heard beat
I can feel your heard beat
I can feel your heard beat

Come now, my turn
One door, no return
I'll be, a cat
Pet me, after that
you'll leave, trivial
Naive, animal
One night, baby
In no time you'll have to get away

Chorus
