She said she wanna be a superstar  
so I showed her the finer things in life  
and every time they throw up into sparks  
he apologizes for thing you like  
so maybe, baby, it's not what you planned  
or maybe, baby, girl you need a superman

she needs somebody to save her  
she don't wanna be alone  
sick of the bad guys  
you need a hero (you need a hero)  
yeah I wanna be wherever you are  
girl you need a hero  
yeah I wanna be wherever you are

she says she wanna be all up in Hollywood  
and if he was to leave her  
me and you probably could  
she told me she's crazy for me  
said baby we could be wherever you want  
and right about the time is when he starts calling her  
up  
she's all in a rut ohhhh

She needs somebody to save her  
she don't wanna be alone  
sick of the bad guys  
you need a hero (you need a hero)

yeah I wanna be wherever you are  
girl you need a hero  
yeah I wanna be wherever you are

girl you are to me  
my heart full of pain  
and all I can say is call out my name now put on a game  
I want you to know  
I'll never let you go  
with my heart and soul  
if ever you're alone  
girl I can be your hero

She needs somebody to save her  
she don't wanna be alone  
sick of the bad guys  
you need a hero  
She needs somebody to save her  
she don't wanna be alone  
sick of the bad guys  
you need a hero  
girl you need a hero  
yeah I wanna be wherever you are (x4)
