can't hear you baby
hey hey what you say?
say I'm in tunnel vision
every time the song plays
all systems go
switched on
I'm on overdrive
and I ain't thinking of listening no

you think your seeing a spark
but it's all in your brain
I went from wirin' my heart straight to the DJ
spin that record, go, I'm goin' round round round
like a machine

chorus

music has got me I'm on automatic
all I can do is keep on dancin'
the beat got me good now it controls me
like a machine

(repeat)

I hear about the dollar bills bills in your pocket
I ain't shuttin' it down till the sun's out
and I'm a gonna go hard till the floor breaks
I'm comin' through on the move

you think your seeing a spark
but it's all in your brain
I went from wirin' my heart straight to the DJ
spin that record, go, I'm goin' round round round
like a machine

chorus

I feel it takin' over me
the music is all i see
I can't stop what it does to me
gonna keep on dancin' and dancin' and dancin'...

chorus
