My binoculars on, alone
Staring out of my window
I see the best creation of
Woman that I ever saw in a
Long, long time

Some say it is wrong
but what if she knows
that I am spying on her
Would she strip down naked
and entertain me
Oh my god she's doing it

Taking it off (x5)
She's getting naked (x4)

Chorus:
She threw her shirt (Off on the floor)
Then threw her bra (Off on the floor)
Then threw her skirt (Off on the floor)
Then threw her drawers (Off on the floor)

I can't believe she's getting naked (x4)
I'm waning her, get on top of her
No stopping her, She knows I'm watching her

I can't believe she's getting naked (x4)

My binoculars on, alone
Staring out of my window
I see the best creation of
Woman that I ever saw in a
Long, long time

Some say it is wrong
but what if she knows
that I am spying on her
Would she strip down naked
and entertain me
Oh my god she's doing it

Taking it off (x5)

She's getting naked (x4)

No stopping her, She knows I'm watching her

I can't believe she's getting naked (x4)
