Live life given now  
Tomorrow can wait  
Dance all through the night  
Sleeping all day

Stuck inside a box  
You gotta get out  
Stand up, get up  
Live your life now come on

Stand up, get up  
Come on, yeah, yeah, yeah  
Come on, come on

Live life given now  
Tomorrow can wait  
Dance all through the night  
Sleeping all day

Stuck inside a box  
You gotta get out  
Stand up, get up  
Live your life now come on

Yeah, yeah, yeah  
Come on, get up  
Stand up, oh  
Stand up, get up  
Let's go right now!

People lining through this life we lead  
Never knowing what we'll find out  
So we living, working and waiting  
For the day

There'll be something  
That's coming to take the pain away  
And we wait for nothing inside your ways  
You gotta let that fun girl through

Live life given now  
Tomorrow can wait

Dance all through the night  
Sleeping all day

Stuck inside a box  
You gotta get out  
Stand up, get up  
Live your life now

Sometimes it feels  
How love indeed  
And when just floating  
Searching infinity, infinity

Come on and dance here tonight  
Tomorrow can wait  
Dance all through the night  
Sleeping through the day

Stuck inside a box  
You gotta get out  
Stand up, get up  
Live your life now come on
