You tell me to go, cause You can't take anymore
Once I leave, you start calling me!
I keep fighting, but you know that I'm back at your
door
I try to do, but gotta face facts
We'll never be what we were before!
I put my hands on you,
You place your lips on mine
We play the same old game, about a thousand times
When it's over, I disappear like the sun in the night
Say you and me will never get it right!

Chorus:

But for now, everything is touch and go
We just touch and go!
Enough, we can't reach out the feeling
But everything is touch and go
We just touch and go!
Back, and forth, and round, and round in circles
Everything is touch and go
Up and down, in and now, we can't say no
Everything is touch and go!
Touch, touch, touch, go, go, go!
It's easy to know I can't be here with you
But it kills me to know, just being here with you
What we do can't be right
Still it feels so good, to have you here through the night
And it burn like fire, as we melt with desire
I wish I knew how to let go of you
It's over, I disappear like the sun in the night
Say, today we'll gonna get it right!

Chorus:

But for now, everything is touch and go
We just touch and go!
Enough, we can't reach out the feeling
But everything is touch and go
We just touch and go!
Back, and forth, and round, and round in circles
Everything is touch and go
Up and down, in and now, we can't say no
Everything is touch and go!
Touch, touch, touch, go, go, go!
But for now, everything is touch and go

We just touch and go!
Enough, we can't reach out the feeling
But everything is touch and go
We just touch and go!
Back, and forth, and round, and round in circles
Everything is touch and go
Up and down, in and now, we can't say no
Everything is touch and go!
Touch, touch, touch, go, go, go!
