Everytime, everytime, everytime we touch
I feel it, I feel it

Everytime we touch
Emotions that I can't contain
Come sweeping over me again
Everytime we touch
Sensations I can not explain
Come washing all away my pain

Everytime we touch
A magic spring from deep inside
Comes into me like breathe of light
Everytime we touch, yeah
Something takes a hold of me
Everytime we touch

Everytime we touch
Heaven and earth collide
Everything feels so right
Everytime we touch
This feeling takes over me
Something takes over me

Everytime we touch, yeah
Heaven and earth collide
Everything feels so right
Everytime we touch
This feeling takes over me
Something takes over me
Everytime we touch

Every time you're near
And I feel so good inside, yeah

Everytime we touch
The secrets of my beating heart
Are breaking free out of the dark
Everytime we touch, yeah
All the things I can't express
Fill me with such happiness

Everytime we touch
All the change that helped me father
Broke and crumbling to the ground
Everytime we touch
Something takes a hold of me
Everytime we touch

Everytime we touch
Heaven and earth collide
Everything feels so right
Everytime we touch
This feeling takes over me
Something takes over me

Everytime we touch, yeah
Heaven and earth collide
Everything feels so right
Everytime we touch
This feeling takes over me
Something takes over me
Everytime we touch

And it feels so good inside, yeah
And I feel it, so alive
Everything that feels so right
And I feel it so alive
Everything that feels so right, yeah, yeah
