I'm hurting deep inside
And it's like that always
The passion was not ours to keep
To keep

The feelings justified
You're giving me this heartache
Rejection comes and cuts so deep
So deep

Now everywhere I turn
All my bridges burn
Why can't you see you're
All I need? Come set me free

'Cause I still can feel you always
My love can heal you always
Keeps you and me near always
Alright always

I still can feel it always
I still believe it always
I can conceal it always
All night always

Everywhere I go
It's like you're there inside me
The session makes my heart pretend
Pretend

'Cause I just can't let go
Why did love ever found me
To give affection once again
Then to end

I feel I'm trapped inside
You touch up all my pride
Why can't you see you're
All I need? Come set me free

'Cause I still can feel you always
My love can heal you always

Keeps you and me near always
Alright, can make it always

I still can feel it always
I still believe it always
I can conceal it always
All night always

Oh, let me get alright always
Oh, let me get alright always
I want you always
I want you all night always
