No matter where I go,
I think about you
Your heart is in my soul;
Can't live without you.
And when I see you again,
There's no face that I'd rather see;
And when you're here in my arms,
There's no place that I'd rather be.

No matter where I go, I think about you... I think about you...

No matter where you go,
My heart is with you.
And, baby, don't you know
I'll always miss you.
And when I see you again,
There's no face that I'd rather see.
And when I'm kissing your lips,

My fantasy has finally come true.

No matter where you go,
I think about you...
I think about you...
Ooh, ooh I think about you.

Say - Is it all in my mind?
Am I just wasting my time?
Baby, please let me know
That you are feeling the same
You're not just playing a game
Baby, please let it show
Show me you care - oh, oh

No matter where you go,
I think about you...
I think about you...
Ooh, ooh I think about you.
I think about you.
Je t'aime.
