(Lisa-Catherine Cohen/David Hallyday)

I saw you and I knew right away
It was a no-win situation but I knew I'd hatta play
With everything I had at stake and nothing to hide...
I guess when you saw me, I was easy to read
You declared it open season on the innocent and still naive
A little older now and a little more wise...

Ya seen one, ya seen 'em all
In every color shape and size, better learn to recognize.
Ya seen one, ya seen 'em all
It's a very tempting web but there's a spider inside !

Don't wanna sound like a cynical man, but trustin' don't come easy
Once you walked into a trap, so I'm always lookin for the catch
I too often find... You see the signs but you look the other way
'Cause your body's goin' crazy while your mind is tryin' to say
There's gonna be a price to pay for bein' so blind...

Ya seen one, ya seen 'em all
In every color shape and size, better learn to recognize.
Ya seen one, ya seen 'em all
It's a very tempting web but there's a spider inside !

Now you might say that I'm too quick to judge
Might still be a little bitter, might be askin' for a little too much...
Well, ya find it once and once is enough !
