After manana mi cielo
I'll be with you in the morning
Wait for me down by the station
There is gonna be some celebration
After manana mi cielo
I'm gonna hold you tomorrow
Darling be mine when I come to you
Manana my friend mi cielo

It's been so long so many nights
I had to see
Those big city lights
I've seen a hundred places
And millions of faces
But one girl is still on my mind
I've seen a hundred places

And millions of faces
But one girl is still on my mind

How do you look
How do you feel
D'you still believe
My lovin' is real
Give me a chance to show you
And baby I know you
We'll never be lonely again
Give me a chance to show you
And baby I know you
Will never be lonely again
