On your pilgrimage through the crowd you
Genuflect in front of the crowd
Singer on the stage
The band plays in a rage
No need to mention
Your ultimate intention
Just to kill you're the one who's dyin'
Play hard to get you're the one who's tryin'
To get some local due
To spend sometime with you
True love didn't work out
You're trying to work the hurt out

Lookin' for any kind of love at all
It doesn't matter if the last that long or
If it's right or if it's wrong
Lookin' for any kind of love at all

Night time loves all your regrets
Morning comes you pay for what you get
And if you wake up alone, still on your own
You're not ashamed 'cause you've got true love to
blame
Most times it's not much fun but it's more fun than have
a nun
And being by yourself not touchin' someone else
Till the good love comes to stay
You're keepin' loneliness away

Lookin' for any kind of love at all
It doesn't matter if it lasts that long or
If it's right or if it's wrong
Lookin' for any kind of love at all

Lookin' for any kind of love at all
It doesn't matter if it lasts that long or
If it's right or if it's wrong

Lookin' for any kind of love at all
It doesn't matter if it lasts that long or
If it's right or if it's wrong

Lookin' for any kind of love at all
It doesn't matter if it lasts that long or
If it's right or if it's wrong

Lookin' for any kind of love at all
It doesn't matter if it lasts that long or
If it's right or if it's wrong

Lookin' for any kind of love at all
