"At Last"

At last there are no questions
I know all there is for me to know
My heart and I have all the answers
I know how I want my life to go

At last the mist has lifted
It's all so simple, so crystal clear
Why did I fight what was meant to happen?
The fight is over, at last I'm here.

I don't need the sun to make me shine inside
I have your eyes
And I don't need light for me to see what

At last there are no questions
You know all there is for you need to know
My heart and I have all the answers
I know how I want our lives to go

Both
At last, the mist has lifted
It's all so simple, so crystal clear
Why did we fight what was meant to happen?
The fight is over, at last you're here.
