Help a friend of a friend of a friend help him now
There's a life and a hope to defend show him how
Ev'ry boy and ev'ry girl growing up to share the world
Has a right to know that we'll be helping out

Help a friend of a friend of a friend help him now
We're all one and the same in the end anyhow
We all know what's going wrong
We are waiting far too long
Now it's time for us to raise our voices loud

Help a friend of a friend of a friend anywhere
No one here is ashamed to depend
Depend on your care
You will learn to understand
As you're reaching out a hand
Someone feels so good
Just knowing you are there

Heart for heart soul for soul
Play you part and live your role
Song by song sing it out loud
Help a friend of a friend of a friend help him now

Help a friend of a friend of a friend
Don't look the other way
There's a life and a hope to defend
Say goodbye to yesterday
Ev'ry boy and ev'ry girl growing up to share the world

Has a right to know
Good will is here to stay

Help a friend of a friend of a friend let him know
Let him know that you'll be there
We're all one and the same in the end
There's a load we have to bear
We all know what's going wrong
We are waiting far too long
Now it's time for us to show the world we care

Heart for heart soul for soul

Play you part and live your role
Song by song sing it out loud
Help a friend of a friend of a friend help him now

Heart for heart no need to be a loud
Just play your part just singing song
Song by song sing it out loud
Help a friend of a friend of a friend help him now
Help a friend of a friend of a friend help him now
Help a friend of a friend of a friend
Help a friend of a friend of a friend help him now
