When the summer fades to autumn  
Comes the queen of rain  
When a love will fade forever  
Comes the queen of rain

The queen of rain  
The queen of rain  
The queen of rain

The love we shared had been so pure  
When you were near me I felt so secure  
But the day when the summer faded away  
Our love was gone

Was it more than a love affair  
Was it more than a summer we shared  
I'm searching for a helping hand and I pray  
For the queen of rain

When the summer fades to autumn  
Comes the queen of rain  
When a love will fade forever  
Comes the queen of rain

If no one helps to pull you through  
The queen of rain will follow you  
When a broken heart is crying  
Comes the queen of rain

The queen of rain  
The queen of rain  
The queen of rain

So many nights we spent together  
So many days we enjoyed the weather  
So many times you had been so close to me  
Now I feel so lonely

Since you're gone my life is so pale  
Cause you're the star of my fairy - tale  
I'm searching for a helping hand and I pray  
For the queen of rain

When the summer fades to autumn ...
