I needed protection  
Needed a place to hide  
I wanted  
A fortress  
So love couldn't get inside  
And  
I made it strong and tall  
I swore I'd never see it fall  
And no more at all  
Could break through this sheltered heart

Break through this sheltered heart  
Break through this sheltered heart  
Oh won't you tear down the walls  
I've built all around me  
I wanna learn to win  
I think I could love again

Break down these walls  
Break down this sheltered heart

Been keeping  
My distance safe  
Behind this guarded wall  
Concealing my feelings  
Till I couldn't feel at all  
And  
I closed and locked the door  
But maybe I've been waiting for  
Someone like you  
To break down this sheltered heart
