Standin' in the shadows, girl, I've been watching you
Movin' through the crowd so gracefully
Moonlight falls like diamonds on your golden hair
As time stands still
I've been the fool it's gone unnoticed
Waiting on your love so faithfully
Just as I get close enough the words just disappear
And you turn away
As the rain begins to fall, oh baby

Listen for my heart beat in the thunder
Beating like a drummer out of time
Drifting like a teardrop in the ocean waves
Somewhere in a dream, I think I loved you
Girl just let me dream my life away

Somewhere in my darkness, babe, your light keeps
shinin'
I'm searchin' like a ship that's lost at sea
You may never know just what your life has meant to
me
Someday I'll find you girl
If only in my dreams, oh baby

Listen for my heart beat in the thunder
It's beating like a drummer out of time

Drifting like a teardrop in the ocean waves
Somewhere in a dream, I think I loved you
Girl just let me dream my life away

Why can't I tell you what I feel for you
What should I feel if I can't touch you
Somehow, somewhere, someday I'll find a way
I'll find the way to make this dream come true

Oh, listen for my heart beat in the thunder
Beating like a drummer out of time
Drifting like a teardrop in the ocean waves
Somewhere in a dream, I think I loved you
Girl just let me dream my life away

Listen for my heart beat in the thunder
Beating like a drummer out of time
Drifting like a teardrop in the ocean waves
Somewhere in a dream, I think I loved you
Girl just let me dream my life away
Girl just let me dream my life away
