Today I saw somebody
Who looked just like you
She walked like you do
I thought it was you

As she turned the corner
I called out your name
I felt so ashamed
When it wasn't you,
Wasn't you

You are everything, and everything is you
You are everything, and everything is you
You are everything, and everything is you
You are everything, and everything is you

How can I forget
When each face that I see
Brings back memories
Of being with you

I just can't go on living life as I do
Comparing each girl with you
Knowing they just won't do
They're not you
No

You are everything, and everything is you
... I'm telling you baby
You are everything, and everything is you
You are everything ... everything and everything is you
You are everything, and everything is you
You are everything ... everywhere I go ...

You are everything, and everything is you
You are everything ... everything I do
You are everything, and everything is you

I just can't go on living life as I do
Comparing each girl with you
Knowing they just won't do
They're not you

No

You are everything ... and everything is you
... I'm telling you baby
You are everything, and everything is you
You are everything ... everything is you
You are everything, and everything is you
You are everything ... I'm telling you baby
You are everything, and
Everything is you
Everything ...
You are everything ...
And everything is you ...
You are everything, and everything is you
Everywhere I go ...
Everywhere I go ...
You are everything, and everything is you
Everything I do ...
You're everything
You are everything,
And everything
Is you
