Keep your hand right on your heart, keep your mind  
right on me  
You know I love you baby and I don't care where you  
might be

When I first met you, it wasn't but us two, now gal,  
you're trying to make  
It three  
Well you know baby, you can't do that to me

You know that I love you right from my heart, and you  
know I've always  
Loved you darling

And I hope that we will never part

Keep your hand right on your heart, keep your mind  
baby, on me,  
You know I love you baby, and I don't care where you  
might be
