Standing silent with only tear
The facing sorrow of your fears
You cant imagine living life if you moved on
And now that he's gone
Look for the grace to see you through
But why did this happen to you
In this tragedy you know he has a plan
But you can't see his hand

The Father knows what your feeling
And in his arms you'll find healing
And even though we try to know the reasons why
In faith lay down your fears
To the collector of your tears

(And in the) darkness of this night
(At the tunnels end he is light)
And he'll be with you in this heartache of despair
So don't forget that he is there

The Father knows what your feeling
And in his arms you'll find healing
And even though we try to know the reasons why
In faith lay down your fears

So let him hold you as the fears fall like rain
And fill the void within your soul (within your soul)
Let his mercy take away your pain
Till father makes you whole

The Father knows what your feeling
And in his arms you'll find healing
And even though we try to know the reasons why
In faith lay down your fears
In faith lay down your fears
The collector of your tears
