featuring Amy Lee of Evanescence

It seems so far, that I have gone down this road
Only to find that it ends
Looking back there is one thing that I know
I can't make it all alone again
Cause I'm too weak to stand on my own
When all I need is you

So lead me, guide me, hold me, hide me in love
With all that you are, and all that you do
Hear me, take me, mold me, break me oh God.
Just fill all of me. As I fall into you.

Just catch me as I fall
All this time, I have felt so alone
Losing myself in my despair
What loving arms, you were waiting for me to let go
Of every step you were there
Cause I'm too weak, to stand on my own
When all I need, is you

So lead me, guide me, hold me, hide me in love
With all that you are, and all that you do
Hear me, take me, mold me, break me, oh God.
Just fill all of me.

Oh my child, how I have longed, for you to come home,
to where you belong
All of your life, if you could just see all of my joy, when
you are here with me
Oh my child (Lead me)
How I have longed (Guide me)
For you to come home (Hold me)
To where you belong (Hide me in love)
And all of your life
If you could just see all of my joy (With all that you are)
When you are here with me (All that you do)

Hear me, take me, mold me, break me oh God
Just fill all of me
As I fall into you.
