I would like to wrap your hair round your neck like a noose

I would like to wrap your legs around my neck like a lock

You are my precious thing, thing of speed and beauty $\ensuremath{\mathsf{E}}$

You are my precious thing, as long as you remain

beneath me

I will hold you down, I will hold you down

I will pin you down

I will hold you down, I will hold you down

I will mm mm down you

You are my precious thing

You are my precious thing

You are my precious thing

I will hold you down, I will hold you down

I will pin you down

I will hold you down, I will hold you down

I will pin you down

I will hold you down, I will hold you down

I will mm mm down you

You are my precious thing, thing of speed and beauty

You are my precious thing

You are my precious thing, thing of speed and beauty

You are my precious thing, long as you remain beneath me
