Forever luv, forever love
Forever luv, forever love

If you look inside my mind
There's only one thing that you'll find
My feelings for you are for real
This ain't no lie, yeah

Cause if you look around the world
In search of the perfect little fantasy
I tell you don't you waste my time my baby
Just turn around and look at me

I'm your forever luv
I'm your forever luv
Forever luv
I'm your forever luv

Tell me why your heart's so scared
I wouldn't say it if I didn't care
Our two souls were meant to be
Until eternity, yeah

Cause if you look around the world
In search of the perfect little fantasy
I tell you don't you waste my time my baby
Forever it is you and me

I'm your forever luv
I'm your forever luv
Forever luv
I'm your forever luv

I'm your forever luv
I'm your forever luv
Forever luv
I'm your forever luv

If you look into my eyes
You'd see that you're the one for me
With this love you can't deny

I just know that you're my forever luv

(chorus til end/fade-out)
