(feat. Emma Lock)

Why won't you come to me?
why have I done this time they meet?
Why can't you look into my eyes?
I can't do this once upon a time.

Tear drops fall across the skin
Is it you now I can't deny?
Opportunity knocks but I'm too weak to answer the
dawn,
I can't resolve time in time again
'cause you would receive me wanting more.

You shouldn't feel like this
I shouldn't be what I..
you shouldn't be acting like this.

Guess it's right away.
shout it here from the rain.
Hold me close
until love remains.
Guess it's right away.
shout it here from the rain.

Opportunity knocks but I'm too weak to answer the
dawn,
I can't resolve time in time again
'cause you would receive me wanting more.
You shouldn't feel like this
I shouldn't be what I..
you shouldn't be acting like this.
