Thought we had it all  
I was so quick to fall  
but now it seems the whole time I was lost

I thought we had it made  
we shared so many things  
and now I've realized I was mistaken

Things are not as they seem  
I was living in a dream  
Thinking that my love can change everything

So I tried and I tried  
I just kept my pain inside  
but I no longer can deny  
you just don't love me

And I die every time  
the truth stares me in the eyes  
I just have to face the truth  
you just don't love me

You just don't love me  
No, no, no, no  
No you don't, no you don't

Guess that's how the story goes  
when you're living as a ghost  
you were the one that I wanted to see me the most  
but I am invisible  
yeah I am living in the cold  
I found my love couldn't warm your heart

So I tried and I tried  
I just kept my pain inside  
but I no longer can deny  
you just don't love me

And I die everytime  
the truth stares me in the eyes  
I just have to face the truth

you just don't love me

You just don't love me  
You just don't love me  
No, no, no, no, no, no

Oh I try and I try  
I can't see the fire  
the light in your eyes  
is fading away  
And I die every time  
that I realize there's nothing left to say

And though I tried and I tried  
I just kept my pain inside  
but I no longer can deny  
you just don't love me  
And I die everytime  
the truth stares me in the eyes  
I just have to face the truth  
you just don't love me

You just don't love me
