

Abhorrance

"Whiskey & Firearms"

Visit "[Whiskey & Firearms](#)" on MotoLyrics.com

All hail to a fascist police state

Assent the doctrines of a despotic leader

An ordered violation of our human rights

Blood-stained soil no longer stands for freedom

Economic warfare has burned the constitution

Acceptance will void our foundation

To support the unjust is not patronage

It's our obligation to reject and disobey

Our hearts and minds

Will not submit

Our hearts and minds

Won't be controlled!
