Girl we've been through
Some hard times before
Still we've made it through the years.

You know it's true
Whatever lies in store.
We've faced troubled times
But we won't look behind

Because girl,
When I think about our love and what it means
I know that you are the answer
I keep coming back to you
Heal me one more time.
I keep coming back to you
You're the reason why, the reason I,
I've got to keep this love alive,
Gotta keep this love alive
Gotta keep this love alive, forever.

I don't know why
I made it so long
Helpless to control my fears
I turn to you
It's so hard, I know
No matter how long I go
You will answer my call.

Because, girl
When I think about our love and what it means
I know that you are the answer.
I keep coming back to you
Heal me one more time.
I keep coming back to you
You're the reason why, the reason I,
I've got to keep this love alive
Gotta keep this love alive
I've got to try [keep this love alive]

We're not weary
Need you near me
I keep coming home to you.

Girl, when I think about love and what it means
I know that you are the answer.
I keep coming back to you
Heal me one more time.
I'm coming back to you
You're the reason why, the reason I
I've got to keep this love alive,
Gotta keep this love alive,
Keep this love alive
Gotta keep this love alive
Forever and ever
Keep this love alive.
